

Innovative Data Extraction Technology

Retrieving data from your SAP® system for use in a review and audit can be time consuming, complicated, and risky. Ryan eExtract® for SAP® offers a customized, advanced business application programming solution that provides simplified SAP® data extraction, enabling the quick and efficient selection and retrieval of SAP® transactions while creating a delimited text file that easily reconciles to general ledger balances.

Standard SAP® transaction processing often utilizes clearing accounts. On a goods receipt document, the expense account is debited, and the clearing account is credited. On invoice entry, the clearing account is debited, and the accounts payable (AP) control account is credited. As a result, the expensing of the goods does not occur at the time of invoice entry, so the general ledger expense account is not directly linked to the invoice receipt.

Ryan eExtract® includes all relevant information on one line by utilizing several “corresponding” fields. These fields mitigate risk and provide a more reliable process for compiling the data than SAP® table extraction by capturing the corresponding goods receipt information for each invoice, including the general ledger expense account.

Ryan eExtract® provides a centralized portal for extracting data, as well as a sophisticated utility for transferring files between the SAP® service application to the SAP® client machine.

Ryan eExtract® has four main functions:

- Mass data extraction
- Ad-Hoc querying and reporting
- Data transferring
- Master data extraction

Benefits of Ryan eExtract®

- Simplified Data Extraction**
Gain full access to financial transactions containing relevant information for a traditional or reverse audit. Purchase order, invoice, tax, and payment information are included to minimize additional data requests from auditors.
- SAP® Integration and Customization**
Ryan eExtract® for SAP® works with versions R/3 3.1, R/3 4.6, R/3 4.7, ECC 5.0, and ECC 6.0. Modifications to the standard code can be made, enabling the program to work with other SAP® versions and/or archived data.
- Detailed Reporting**
Ryan eExtract® for SAP® produces an audit report that includes all information on one line by utilizing several corresponding fields, as opposed to standard SAP® transaction processing that often utilizes clearing accounts. These fields capture the corresponding goods receipt information for each invoice, including the general ledger expense account.

“Ryan has provided BASF outstanding value by recovering overpaid taxes while identifying and implementing tax automation solutions, streamlining tax decision processes, and integrating industry-leading tax software to improve our tax performance.”

Frederick W. Jenkin
Manager, Sales and Use Tax Audits and Special Projects

Ryan, LLC, Ryan ULC, Ryan Tax Services UK Limited, Ryan Tax Consulting Services Ireland Limited, Ryan Tax Services Hungary LLC, Ryan Netherlands B.V., Ryan Tax Services Australia Pty Limited, and Ryan Tax Services Singapore Pte. Ltd. provide clients with tax consulting, recovery, compliance, advocacy, technology and other client-related professional services. Ryan, LLC is a member firm of Ryan International, a Swiss Verein. Ryan ULC, Ryan Tax Services UK Limited, Ryan Tax Consulting Services Ireland Limited, Ryan Tax Services Hungary LLC, Ryan Netherlands B.V., Ryan Tax Services Australia Pty Limited, and Ryan Tax Services Singapore Pte. Ltd. are constituent entities of Ryan International, a Swiss Verein. Ryan International is a Swiss Verein whose member firms and constituent entities form a leading network of tax advisory and consulting firms, each of which may be licensed to use the name “Ryan” in connection with providing tax advisory and consulting services to its clients. The member firms of Ryan International and their constituent entities operate throughout North America, Europe and Asia in accordance with local regulatory requirements but are not a part of a single international partnership. The responsibility for the provision of services to a client is defined in the terms of engagement between the client and the applicable member firm or constituent entity. Neither Ryan International nor any member firm or constituent entity of Ryan International is liable or responsible for the professional services performed by any other member firm or constituent entity. Ryan International is not itself engaged in the practice of providing professional services. Rather, it is an international umbrella entity organized as a Verein under Swiss law. Not all member firms and constituent entities provide the full range of services mentioned within this brochure. “Ryan” and “Firm” refer to the global organizational network and may refer to one or more of the member firms of Ryan International, each of which is a separate legal entity.
